

### Do Your Part for a Greener Perth!

Small actions make a big difference. When you use your Green Bin, you're helping turn food scraps and other organics into compost instead of sending them to the landfill. That means fewer greenhouse gases, less waste, and a cleaner, more sustainable community for everyone.

Accepted materials include most kitchen scraps, paper towel, and other compostable items. Find program details and more ways to reduce waste at [Perth.ca/Garbage](http://Perth.ca/Garbage).

## Recycling Program (Managed by Circular Materials)

As of July 1, 2025, recycling in Perth is managed by Circular Materials under Ontario's new Extended Producer Responsibility (EPR) framework. This program creates a consistent recycling system across the province and shifts costs from taxpayers to the companies that produce packaging and paper materials—encouraging more sustainable, recyclable products.

To learn more about visit [CircularMaterials.ca/Perth](https://CircularMaterials.ca/Perth).  
 Recycling bins are no longer available at Town Hall. For replacements, contact Miller Waste at [area2@millerwaste.ca](mailto:area2@millerwaste.ca) or 1-888-852-2374.

Absolutely no plastics, including bio-degradable or compostable plastic bags

### Need a new green bin?

Do you have a damaged green bin or kitchen catcher? Bring it to Town Hall during operating hours and exchange it for a new one. Residents can also purchase lost or missing bin replacements, as well as additional bins, at a wholesale price from Town Hall. Are you moving? Leave bins and bag tags for the new owners or tenants!
